Keep Disc Golf at Goat Hill!

We the undersigned wish to express our displeasure with the decision by Goat Hill management and the City of Oceanside to discontinue daily disc golf play at Center City Golf Course (Goat Hill) on December 1st. While we recognize that there are some players who have broken rules and caused damage, the vast majorities of disc golfers play at Goat Hill without incident and bring added revenue to the course. In making this decision, neither Goat Hill management nor the City of Oceanside made an attempt to contact representatives of our local disc golf club (San Diego Aces) or local disc golf promoters who have organized events at the course. We feel that this action is short-sighted, and is depriving local players of an opportunity to engage in a healthy physical activity.

We request that Goat Hill management and the City of Oceanside reverse this decision. Our 650-member club is willing to work with course management to come up with a strategy for dealing with the issues that have led to this unpopular decision. We request a meeting with decision-makers to address this situation.

Allen Risley
President, San Diego Aces Disc Golf Club
